Thank you for requesting the “Safe Jobs for Youth Month” Kit!

As the summer job season approaches, many young people are entering the workforce for the very first time. There’s a good chance no one has ever told them about their job rights and responsibilities, or how to stay safe at work.

This kit contains a variety of tools to help you educate your students about staying safe on the job: factsheets, this year’s winning student-made poster, tips for parents and employers, and some suggestions for community service projects for your students.

Specific questions? We have a Young Worker Hotline (messages only) at 888-933-TEEN for you, your students, their parents or employers.

If you’d like more free kits, call 510-643-8902 or the Hotline number, or email driver@berkeley.edu. And... turn in the evaluation form at the end of this packet for your choice of reward!
